

Pre-Survey Questionnaire (AI Crop Disease Detection System)

This pre-survey is part of my Final Year Project titled *AI-Based Crop Disease Detection System*.

Your feedback and responses will play an important role in guiding the development and improvement of this project. Your time and input are sincerely appreciated.

Thank you .

YOUR NAME

Your answer

1. What is your occupation ?

a) Farmer

b) Student

c) Agricultural expert

d) Trader/Business

Other:

2. How often do you face crop disease problems?

- ☐ a) Frequently
- ☐ b) Sometimes
- ☐ c) Rarely
- ☐ d) Never
- ☐ Other:

3. How do you currently identify crop diseases?

- ☐ a) Visual observation
- ☐ b) Asking an expert
- ☐ c) Internet/YouTube
- ☐ d) No method
- ☐ Other:

4. Do you think early detection of disease can reduce crop loss?

- ☐ a) Yes
- ☐ b) No
- ☐ c) Maybe
- ☐ d) Not sure
- ☐ Other:

5. How familiar are you with using mobile apps for agriculture?

- ☐ a) Very familiar
- ☐ b) Somewhat familiar
- ☐ c) Not familiar
- ☐ d) I don't use mobile apps

6. What challenges do you face when identifying plant diseases manually?

- ☐ a) Lack of knowledge
- ☐ b) Hard to recognize symptoms
- ☐ c) All of the above

7. Would you use a mobile app that detects crop diseases using photos?

- ☐ a) Definitely yes
- ☐ b) Maybe
- ☐ c) No
- ☐ d) Not sure

8. How important is accuracy in a disease detection app?

- ☐ a) Extremely important
- ☐ b) Important
- ☐ c) Somewhat important
- ☐ d) Not important

9. What type of crops do you grow the most?

- ☐ a) Rice
- ☐ b) Wheat
- ☐ c) Vegetables
- ☐ d) Fruits
- ☐ All of the above

10. Would you prefer an app that also gives treatment suggestions?

- ☐ a) Yes, essential
- ☐ b) Yes, optional
- ☐ c) Not necessary
- ☐ d) No

11. What device would you mostly use for disease detection?

- ☐ a) Smartphone
- ☐ b) Tablet
- ☐ c) Laptop
- ☐ d) None

12. How confident are you in taking clear photos of crops?

4 points

- | | 1 | 2 | 3 | 4 | 5 |
|-----------|-----------------------|-----------------------|-----------------------|-----------------------|-----------------------|
| confident | ☐ | ☐ | ☐ | ☐ | ☐ |

13. Which features would you find most useful in the app?

- ☐ a) Disease identification
- ☐ b) Treatment suggestions
- ☐ c) Prevention tips
- ☐ d) Weather-based crop alerts
- ☐ e) All of the above

14. Do you prefer the app to work offline?

- ☐ a) Yes
- ☐ b) No
- ☐ c) Doesn't matter

15. How likely are you to recommend such an AI app to others?

- ☐ a) Very likely
- ☐ b) Likely
- ☐ c) Unlikely
- ☐ d) Never

16. What is your major concern about AI in agriculture?

- ☐ a) Accuracy
- ☐ b) Cost
- ☐ c) Trust issues
- ☐ d) Difficulty of use
- ☐ e) No concerns

17. Do you believe AI can help increase agricultural productivity?

- ☐ a) Yes
- ☐ b) No
- ☐ c) Maybe

18. How satisfied are you with current disease detection methods?

	1	2	3	4	5	6	7	8	9	10
Satisfied level	☐	☐	☐	☐	☐	☐	☐	☐	☐	☐

19. Would you pay a small fee for accurate disease detection?

- ☐ a) Yes
- ☐ b) Maybe
- ☐ c) No

20. What language would you prefer the app to use?

- ☐ a) English
- ☐ b) Nepali
- ☐ d) Local language
- ☐ Other:

“Please feel free to leave any feedback, comments, or suggestions for improvement.

Your thoughts will be very helpful in enhancing our AI Crop Disease Detection System.”
