

Meeting logbook Entry Sheet

BSc. Project Logbook

Student Name: Nisha Subedi

LMU ID: 23049293

Meeting No: 02

Start Time: 10:00am

Date: 2025/11/09

End Time: 2:00pm

Items Discussed:

1. Reviewed the detailed project proposal.
2. Supervisor provided feedback and suggested improvements to strengthen the proposed system.
3. Discussed additional mandatory features such as a mobile-friendly interface/PWA, crop calendar, user alerts, and community/knowledge-sharing module.
4. Supervisor clarified expectations for the next phase, including preparing essential documents before development begins.

Achievements:

1. Successfully submitted the complete project proposal as instructed in the previous meeting.
2. Understood the newly suggested feature enhancements aimed at improving system usability and practicality.

Problems:

1. Need further clarity on integrating advanced features such as notifications, PWA support, and community interactions.
2. Uncertain about the most suitable approach for structuring documentation and system modelling.

Tasks for the Next Meeting:

1. Work on preparing the Software Requirement Specification (SRS) document with detailed functional and non-functional requirements.
2. Work on creating the Gantt Chart .
3. Work on designing the Entity Relationship (ER) Diagram to define the system's database structure.
